*The ExploreLearning Team*

#### About ExploreLearning

ExploreLearning Gizmos are award-winning interactive online simulations that drive conceptual understanding of math and science in grades 3-12. ExploreLearning.com subscriptions give teachers and students access to the entire library of over 450 Gizmos.

Gizmos are:

- Perfect for use in a computer lab, in small groups, or in whole group instruction using a projector or interactive whiteboard.
- Accessible from home by both teachers and students.
- Correlated to state standards and leading textbooks.
- Complete with inquiry-based lessons, assessment and reporting.
